ARTIST STATEMENT

I am returning to my art now at seventy-five (75) years old, I have more to say than just pretty pictures of my youth. My art reflects growing up Mestiza, my inner feelings, visions of what was, what is, and what will be. Anger of destruction of the natural world and its life forms. Evils done by others, cultural and women's pains, death, fear, love, yet wonders of the spiritual and herbal healing, and mysticism, separating what is thought of as a real world and my inner thoughts.
